**Report:**

I have been working with speaker chair Ann Flaten and facilities chair Greg Spindler on the conference. The Speaker chair has gotten just about everything done and ready to turn in. This has been the bulk of the work. Ann has done an absolutely fantastic job. We have the Kalahari again as in past years. It just runs itself at this facility as it is an easy act to follow. We simply do what we have done in past years. I am not sure what we have at this point for sponsors, but we should at least have twice as many as the Minnesota conference. We will continue to look for sponsors as this will just help our bottom line. The ALA is most likely going to do the registration for us, but at this point we still don't know how it is going to work yet. Lynn Lenz is working on this. At this point the brochure is not going to be sent out and we feel this will save us some money. We will instead, send out post cards prompting members to go to either the WSRC or MSRC web pages to hit a link that will prompt them to go to a registration page and then onto the Kalahari web site to get their room. Vendors will follow a separate link to pay for their both spaces. Our goal is to have all the loose ends wrapped up soon so that by the end of February we are all set to send out the post cards.

**Meetings attended:**

**Fall 08 district #1** (Matt Rein has done a fantastic job)
