

WSRC Committee/Officer/Report

Committee/Officer: Disaster Response and Preparedness

Person Completing report: Bob Milisch

Date: 7/24/08

Summary of Report for Web Site (50 words or less):

The state is just completing phase III of the ventilator purchases. During this phase hospitals with <60 ventilator days per year will receive additional ventilators.

MCV training site has registered almost 1025 therapists and aprox. 960 have completed the training. I will be presenting the Wisconsin program at the AARC congress in December.

The state will be giving the WSRC \$5,000.00 to conduct a state-wide drill. Each participating hospital will receive a \$1,000.00 grant. The drill will take place in September.

We have developed a 15 module Mass Casualty Ventilation for Non-Respiratory Personnel program This is online and you can register at www.westerntc.edu/mcvnrp . You will then be directed to the training site. The site is free and we would like you to promote it to nurses and paramedics and anyone else you think might like it. One hospital had all of their emergency nurses go through the training.

Committee Chairs/Officers

Date	Activity	Discussion
7/23	Triage group discussion	Group discussion in La Crosse to get input on ventilator triage protocols.
9/18	State Expert Panel	Finalize phase II ventilator purchases
1/16/08	State Expert Panel	State-wide Drill Development
